✉ davidguyon49@gmail.com
French Nationality, French driving license

Computer Engineering Student

Qualifications

2013	**Bachelor of Engineering in Computing - Third year**
2012	Edinburgh Napier University
2012	**BTEC Higher National Diploma in electronics and informatics engineering**
2010	Angers/Cholet university - I came 1st out of 76 students
2010	**A-levels in electrical engineering with honours 75%**
2008	Notre-Dame-de-Bonnes-Nouvelles High School - Beaupréau
2008	**BTEC First Diploma in electrical engineering with honours 75%**
2006	Le Pinier Neuf Technical High School - Beaupréau

Professional Experience

July 2012
(2 months)
Company Bossard - Cholet, ZI du Cormier
Function: **assembler/wireman operator** - **Industrial technician**
I learned to **work fast and follow quality criteria**, be meticulous

April 2012
(3 months)
Company NGV Electronique - Cholet, Parc du Carteron - **University placement**
Function: **developer in R&D** for a new BusCAN module (Hardware & Software)
I **searched for components**, **drew the schematic**, studied an existing **C kernel**
Then I **wrote the code in C language** for this kernel. The microcontroller was a **PIC**

August 2011
(1 month)
Company Bossard - Cholet, ZI du Cormier
Function: **mechanical assembly of electrical cabinets**

Competencies

Language:
Perfect mastery of French
English relatively fluent, mastering of technical English, **motivated to progress**

Programming languages:
C, C++, Java (Android)
HTML5, CSS3, JavaScript (jQuery), SQL, PHP

Software packs:
Qt, AVR Studio 4, MPLAB IDE, C++ Builder, Eclipse, OpenOffice, Microsoft Office

Operating systems:
Windows
Good mastery of **Linux (ArchLinux, Ubuntu)**

Points of interest

Music: 10 years of guitar, formerly guitarist/singer in a music band.
Now I compose by myself and I present my songs on **www.songaccoustic.fr**
I built this website with a friend 2 years ago and still working on it.

General: Passionate about electronics (Arduino) and Android programming.
